The second floor is largely taken up by wards and rooms for the patients and on the third floor, which is partly for the sisters, are a parlor and reception room, an operating room with a large skylight and a corner light.

The operating room is one of the most interesting of the institution. It was especially designed, and equipped for the delicate work that must be under taken there and has every appliance and convenience that modern surgery can suggest. Connected with it are sterilizing and clinical rooms, a doctor's room, wash room and a supply and anesthetic room.

It is impossible for us to reach all who gave, and therefore we thank them sincerely through the press. In the name of the orphans we wish each a bright, happy New Year, full of every spiritual and temporal blessing. Respectfully, SISTERS OF CHARITY."
